Policy and Quantitative Tracks are unofficial and interchangeable for elective credits in the B.S. and B.A. in Economics degrees. Quantitative Track Electives are advised for preparation to the MA in Applied Economics program or Accelerated Degree Program (ADP). The ADP enables students to complete their bachelor's in economics and MA in Applied Economics within only 5 years. *Asterisk indicates courses required as program prerequisites for the MA in Applied Economics or ADP. Equivalent courses from other institutions may be accepted to meet these program prerequisites.
