Course Search Quick Reference Guide 2020

Pay close attention to “Meeting Times” (days, times, and locations) and “Campus” types (Online or Greensboro-Main).

Note: The course title in the “Title” column is linked to additional information, such as course descriptions, prerequisites, restrictions, and a bookstore link to view and purchase required course materials.

The “Status” column lists the number of open seats.

The “Attribute” column lists all categories and attributes for each course.

Status & Attribute Column Details

<table>
<thead>
<tr>
<th>Status</th>
<th>Attribute</th>
</tr>
</thead>
<tbody>
<tr>
<td>33 of 80 seats are open.</td>

</table>

Winter Courses

Note: Winter courses run from December to January and are part of the Spring term. Select “Spring” as your search term and use the “Advanced Search” function to find your options. (See instructions on page 4.)

Winter course CRNs begin with “10” and will have “81” or “82” as the section number.

Note: ALWAYS check the start and end dates for each course.

Winter courses are always online and “Crse during Winter Session” will be listed in the “Attributes” column.

Course Search Quick Reference Guide 2020

Search by Categories & Attributes

- Search for General Education (GEC) courses (GLT, GFA, GHP, WI, etc.) by clicking in the empty "Categories & Attributes (GEC)" box.
- Select the category you would like to search from the dropdown menu and then click “Search.”

Note: General Education Requirements are categories (not subjects) and all have specific attributes or “markers.” Many courses have more than one attribute, so it is possible to find a course that meets multiple requirements.

Pay close attention to “Meeting Times” (days, times, and locations) and “Campus” types (Online or Greensboro-Main).

CRNs

Note: The course title in the “Title” column is linked to additional information, such as course descriptions, prerequisites, restrictions, and a bookstore link to view and purchase required course materials.

Writing Intensive Courses

Note: ALWAYS check to make sure that the course section you register for is actually WI!

Section 1 is WI. Section 2 is not.

Advanced Search Options

The “Advanced Search” function allows you to search for courses by different criteria according to your scheduling preferences.

Search for classes by course subject prefix (such as ISM or STH), course number (130, 201, 330, etc.), instructor, or campus (Online vs Greensboro).

If you want to find Winter session courses, or courses offered during only the first half or the second half of the semester, click in the “Part of Term” box and choose from the options listed in the dropdown menu.

You can search for classes within a range of course numbers (100 to 499) or number of credit hours (1 to 3 hours).

Select specific days and/or specific start and end times to search only for classes that meet on those days and during those times.

You can also choose to see only courses that meet your criteria that still have open seats.

When you have selected your options, click “Search.”
