Department of Consumer, Apparel & Retail Studies

CRS 211 - Textile Science: Fiber to Finish (Online Course)
Fall 2021 (3 Credit Hours)

COURSE INFORMATION

Instructor Information:
Instructor: Anne Mitchell Wood
Office: Stone 353
Office Hours: Tuesday/Thursday 9:30-11:00 am by Zoom appointment
E-mail: acmith2@uncg.edu
Telephone: 336-256-0272

Course Description:
This WEB-based course (see Course Structure section below for details) will provide an understanding of the principles of textile science, with an emphasis on fiber classification, physical structure, and properties. The course will involve analyses of yarn and fabric structures and properties, along with fundamentals of coloration and finishing.

Syllabus Amendments:
The instructor reserves the right to amend this syllabus as needed. Students will be notified in written form (either by email, Canvas, or both) should such amendments occur.

Required Class Materials:
• THE TEXTILE KIT by Atex Inc (Eco+ Edition 2020, Natural color Binder)
  o Once you have purchased the kit, you will need to register your kit and closely follow the included directions to assemble it. Instructions and Virtual Lab Assistant come with the new kit and it is extremely important that you follow the instructions word-for-word so that you do not get the fabrics out of order!
  o *Video clip of a step-by-step kit assembly process is available on Canvas or here: https://www.youtube.com/watch?v=_TZ3fYSKHI&feature=youtu.be

(Exams will be created from the Video based PowerPoint lectures, textbook, assignments, short quizzes and 2 projects. The textile kit by Atex, Inc will provide you with opportunities to feel and
touch real fibers and fabrics, which are critical in this class. In the relevant lectures, the swatch # in the kit will be marked in the PowerPoint so that you can find those that match what we learn.)

**Course Objectives:**

- Understand the generic classification system for textile fibers and its relation to fiber chemical properties
- Recognize and use appropriate textile terminology
- Evaluate the laws and labeling requirements impacting textile product distribution
- Relate the physical structure of fibers to their performance and care
- Predict fabric performance of textile products for specified target market expectations based on knowledge of fiber and yarn structures and characteristics
- Understand the use of finishes and color as they relate to fabric performance

**TECH REQUIREMENTS**

**Internet Connection**

It is assumed that all students will be able to access course materials via the Internet at basic DSL or cable modem speeds. Internet access over dial-up and satellite connections may create problems for the student. Persons who will be using dial-up and satellite connections should contact the program to discuss possible issues.

**Microsoft Office Documents**

All students will be expected to be able to create, open, and use Microsoft Office compatible documents such as Word documents, Excel spreadsheets, and PowerPoint presentations. No matter whether you use a PC or Mac, you must be able to open Microsoft Office documents. The PowerPoint presentations will be narrated with embedded quizzes, and you are required to listen to the narration each week and take the embedded quiz.

**Web Browser**

Make sure your browser is compatible with Canvas (and review class materials) in advance of the start of class. Canvas supports most modern, up-to-date browsers (i.e., the latest versions of Chrome, Firefox, Safari and Internet Explorer). For full information about what browsers Canvas supports, visit their website: http://guides.instructure.com/m/4214/l/41056-which-browsers-does-canvas-support.

**Other Software**

All students should be able to open Flash video clips and Acrobat PDF files. The Flash Player and Acrobat Reader programs which can meet this requirement are available free of charge from the Adobe. These free applications are available at: http://get.adobe.com/flashplayer/ and http://get.adobe.com/reader/

**UNCG Computer Accounts**
All enrolled UNCG students are assigned free UNCG computer accounts that are used to access various campus services. Online students will be expected to use these accounts to access various campus services that are needed for online courses.

EXPECTATIONS

Student Responsibility:
Each student in CRS 211 is responsible for reading the syllabus and becoming familiar with the policies and schedule outlined within, including assignment guidelines and assigned readings. Students are also expected to comply with the UNCG Honor Policy; read the course outline and requirements in full; contribute to class activities; turn all assignments, quizzes, and exams in on time; and most importantly, complete all assigned tasks and exams independently. If it is found that you have been working with other students on exams, this will be considered a violation of the Honor Policy and appropriate action will be taken. If a student has turned in no assignments by the six-week progress point, he or she will be dropped from the course.

Academic Integrity:
The UNCG Academic Integrity Policy states; “If knowledge is to be gained and properly evaluated, it must be pursued under conditions free from dishonesty. Deceit and misrepresentations are incompatible with the fundamental activity of this academic institution and shall not be tolerated.” By choosing to enroll in this course and by completing the assignments, projects, examinations, etc., you are by default held to the standards of the Academic Integrity Policy, and you are subject to sanctions should you violate the policy in any manner.

CARS Department Statement on Student Conduct and Complaint Behavior:
The Department of Consumer, Apparel, and Retail Studies (CARS) expects that all students enrolled in the CARS major will behave professionally and in a manner that reflects positively on the department, the school, and the university. This expectation applies to conduct within CARS courses, when working at internship sites, and attending events where students are acting as representatives of the CARS program. Complaints pertaining to a specific course must first be brought up with the instructor. Per the UNCG University Catalog, if a student wishes to appeal an assigned grade, the student should first discuss the concerns with the instructor. If desired, the student may further appeal to the department head, the dean of the school or college, and the provost, in that order. See the University Catalog for further details on Grade Appeals.

Late Assignments, Quizzes, and Make-Up Exams:
Students should allow for sufficient time to complete all assignments. No make-up exams or late assignments will be accepted, with the exception of a personal medical emergency or immediate family member death. In either event, written documentation is required (which will be verified) before a make-up test will be administered, or an assignment is accepted and must be completed
within 48 hours of assignment due date. **Technological problems are in no way considered excusable reasons for incomplete work.** Check your tech settings in advance of enrolling in this class.

**Accommodations:**
UNCG seeks to comply fully with the Americans with Disabilities Act (ADA). Students requesting accommodations based on a disability must be registered with the Office of Disability Services in 215 Elliott University Center, 334-5440, http://ods.dept.uncg.edu/, ods@uncg.edu.

**EVALUATION**

**Assignment Points:**

</table>

*As the semester progresses, opportunities MAY arise for extra credit, but are not guaranteed.

**Mid-term/Final Exam dates:** See tentative course schedule. The specific time and guidelines of exams will be announced before each exam.

**COURSE STRUCTURE**

1. **Weekly PowerPoint Lecture Video with Embedded Quiz**

Each week 1 or more chapters will be assigned (see Course Schedule attached). On Friday afternoon prior to each week, except for Exam weeks or School Breaks (see Course Schedule), a narrated PowerPoint lecture will become available on Canvas. **Please use the MODULES to make everything**
easy to follow. Students should read the chapter first, and then listen and watch the PowerPoint video (it is Close Captioned should anyone need it) and answer the 5 questions in the embedded quiz. You will receive an email announcement on Canvas on Monday reminding you of the availability of the lecture, along with any additional information on projects, assignments, exams, etc. Because this is an online course, it is very important for you to pay attention to these Canvas announcements and be responsible for anything due for the week. The class schedule is subject to change, so it is your responsibility to check all emails and the announcements on Canvas regularly.

2. Weekly Activities

There are eleven (11) graded weekly activities throughout the semester. Each activity is worth twenty (20) points. The weeks that include these activities are marked on the syllabus, and instruction for those activities can be found on the last slide(s) of the PowerPoint lectures and with a link in each weekly module. All weekly activities open the Friday prior and are due on Sunday at 11:59 p.m. of the week they are assigned, giving you nine (9) days to complete each weekly activity. These activities are graded only on a meets or exceeds expectations (20=A)/average effort (15=C+)/incomplete basis (0), such that you can only receive either a full twenty (20) points for meeting or exceeding expectations, (15) for average effort and zero (0) for incomplete. See Rubric for specifics. Absolutely NO late work will be accepted or partial points given (i.e., do NOT wait until the last minute to turn in these assignments, as technical issues will not serve as excuses for late work).

3. Projects

There are two (2) projects throughout the semester (one before the mid-term and the other after the mid-term). The first project is worth 50 points, and the second worth 100 points. See instructions for each project as they are uploaded, and make sure to check the deadlines! Late projects will NOT be accepted. It is the student’s responsibility to edit and proofread all work before turning it in.

4. Exams

There are two (2) exams: one mid-term exam and one final exam. Exams will be taken online through the Canvas function, so please double-check your tech facilities in advance. The exam questions will be based on the contents from the weekly quizzes, textbook, lectures, assignments, and projects. The final exam does not encompass the material/chapters covered on the mid-term. Details about exam questions, grading, etc. will be given closer to the exam weeks. Check the exam weeks in the tentative course schedule. Note: make-up exams will NOT be permitted.

5. Textile Kit Assembly
You are required to assemble the textile kit and upload a video of you with your completed kit for a grade of up to one hundred (100) points at the beginning of the semester. See instructions on assignments in Canvas for specific pages.

NOTE FROM THE INSTRUCTOR:
If you have any questions or concerns, please feel free to email me to set up an appointment or make a Zoom appointment or in person appointment for textile kit issues. Again, Canvas is the primary communication channel for this online class, so please do not ignore or delete any correspondence from me. Welcome to CRS 211! Let’s have a fun and productive semester!

Required UNCG syllabus language
Approved by Faculty Senate on July 29, 2021

As we return for fall 2021, the campus community must recognize and address continuing concerns about physical and emotional safety, especially as we will have many more students, faculty, and staff on campus than in the last academic year. As such, all students, faculty, and staff are required to uphold UNCG’s culture of care by actively engaging in behaviors that limit the spread of COVID-19. Such actions include, but are not limited to, the following:

- Following face-covering guidelines
- Engaging in proper hand-washing hygiene when possible
- Self-monitoring for symptoms of COVID-19
- Staying home if you are ill
- Complying with directions from health care providers or public health officials to quarantine or isolate if ill or exposed to someone who is ill.

Instructors will have seating charts for their classes. These are important for facilitating contact tracing should there be a confirmed case of COVID-19. Students must sit in their assigned seats at every class meeting and must not move furniture. Students should not eat or drink during class time.

To make it easier for students to hear their instructor and/or read lips and if conditions permit, instructors who are fully vaccinated and who can maintain at least six feet of distance from students may remove their masks while actively teaching if they choose, but will wear a mask at all other times while in the classroom, including during the periods before and after class.
A limited number of disposable masks will be available in classrooms for students who have forgotten theirs. Face coverings will also be available for purchase in the UNCG Campus Bookstore. Students who do not follow masking requirements will be asked to put on a face covering or leave the classroom to retrieve one and only return when they follow the basic requirements to uphold standards of safety and care for the UNCG community. Once students have a face covering, they are permitted to re-enter a class already in progress. Repeated issues may result in conduct action. The course policies regarding attendance and academics remain in effect for partial or full absence from class due to lack of adherence with face covering and other requirements.

For instances where the Office of Accessibility Resources and Services (OARS) has granted accommodations regarding wearing face coverings, students should contact their instructors to develop appropriate alternatives to class participation and/or activities as needed. Instructors or the student may also contact OARS (336.334.5440) who, in consultation with Student Health Services, will review requests for accommodations.

Approved by the Faculty Senate Executive Committee on July 30, 2020

Health and well-being impact learning and academic success. Throughout your time in the university, you may experience a range of concerns that can cause barriers to your academic success. These might include illnesses, strained relationships, anxiety, high levels of stress, alcohol or drug problems, feeling down, or loss of motivation. Student Health Services and The Counseling Center can help with these or other issues you may experience. You can learn about the free, confidential mental health services available on campus by calling 336-334-5874, visiting the website at https://shs.uncg.edu/ or visiting the Anna M. Gove Student Health Center at 107 Gray Drive. For undergraduate or graduate students in recovery from alcohol and other drug addiction, The Spartan Recovery Program (SRP) offers recovery support services. You can learn more about recovery and recovery support services by visiting https://shs.uncg.edu/srp or reaching out to recovery@uncg.edu

COVID-19 Spartan Shield Video

UNCG Chancellor Frank Gilliam has challenged us to create a Culture of Care at UNCG where we all wear face coverings and social distance, less to protect ourselves but rather more to protect everyone around us. It shows that you care about the well being of everyone around you. We have created this video featuring your student body presidents to better explain how and why this is so important.

Please watch this video before the first day of classes.
